

Please limit your luggage to 25 pounds (12 kg) per person.  
Luggage storage service is available at most hotels.

Due to the remote location, tours involve surf launches and landings.

We recommend these tours for those in good physical condition.

We reserve the right to change or omit portions of any itinerary if warranted by inclement weather or sea conditions.

Encounter

# Casa Corcovado

## Jungle Lodge

Sublime location,  
singular style

A prime location on the edge of Corcovado National Park, luxury first-class service and food and exciting activities are not all that we can offer. Spanish colonial-style Bungalows are spread around a garden for maximum privacy. This unique lodge offers accommodations constructed with the highest concern for conservation in harmony with the landscape and the environment, this is our commitment to responsible tourism.

Casa Corcovado Jungle Lodge provides the ideal base for your in-depth rainforest experience.

If you are planning to visit Costa Rica we would like to invite you to have the most extraordinary rainforest experience by staying with us at Casa Corcovado. The lodge is the closest to Corcovado National Park, the last remaining Pacific lowland rainforest of sustainable size in Central America. Located on the Osa Peninsula in southwestern Costa Rica, Corcovado is the 'Crown Jewel' of a world-renowned national park system.

Access to Casa Corcovado is only by motor launch. The adventure begins one and a half hours before your arrival as the launch leaves from our reception center in Sierpe, 'La Hacienda', travels down the river and then follows the Pacific Coast.

Your accommodations at this 'Lost World' are artfully appointed individual bungalows offering tiled floors, dry mini bar, safety deposit box, hot water, private bath, ceiling fans and electricity provided 24 hours a day by hydroelectric and solar systems.

This is your opportunity to discover the vibrant life of the rainforest. Enjoy beach combing on our half-kilometer-long pristine beach then refresh yourself under a waterfall. Rejuvenate your senses and be entranced by the melody of the rainforest and of a waterfall inspired by Mexican architect, Luis Barragán, at our main pool which is surrounded by organic flagstone and is perfect for sun-bathing or for a light lunch 'Al Fresco' in the tile-roofed 'Cabaña', a heavenly experience.

## See how it feels to Escape

There is another secluded, spring-fed pool alluringly hidden away in the forest beside a lazy stream and it is beckoning for you to use it anytime you desire.

At the 'Margarita Sunset Point', perched on a bluff overlooking the magnificent Pacific, a mysterious island looming on the horizon, is a special place. Join us for a frosty Margarita, to spot a whale or just to admire the sunset, it's a Casa Corcovado tradition.

Our 'Forest' bar has a distinctive thatched roof built with native materials in much the same manner as the Diquis Indigenous culture might have fashioned it a thousand years ago. Be at ease and immerse oneself in the forest or relax over a cold drink. This is true luxury, in a different manner.

Casa Corcovado is the closest lodge to the Caño Island Biological Reserve, a Diver's Paradise. Here you can picnic on a white-sand beach sheltered by coconut palms and snorkel among the coral reefs, a tropical dream come true.

Comfortable accommodations, unforgettable meals, and informative guides are not all that's offered. A sense of sharing the adventure while making new friends, learning and participating in an experience unlike any other and earning a broader understanding of the fragile ecology of the rainforest will make this a voyage to remember for a lifetime. Anything less is just a vacation.

Get carried away immerse yourself in the adventure, dive, ride, trek, explore and discover, be intrigued by new perspectives and take home unique and unforgettable memories on any of our exciting tours.
